

CONVENIENT CONTROL CLEAN

For convenience and quality, no other institutional chemicals stack up to U S Chemical's Handy Packs. The water-resistant cartons easily open and close after each use, fit in the palm of a hand and store neatly in small spaces. The bold graphics are color coded for easy identification and the complete line of granular-based formulas are among the most power-packed in the industry.

 U S Chemical

Dishmachine Detergent

Dishmachine Detergent is a balanced, chlorinated, mechanical dishwashing detergent that is designed for exceptional protein soil removal and stain control. This product performs well in all water conditions and will leave your dishes sparkling clean.

Available in 4/4.25 lb. cases.

Fryer Cleaner

Fryer Cleaner is designed to thoroughly clean deep fat fryers with minimum effort and labor. The fast-acting formula does an exceptional job of removing heavy grease deposits, leaving the surface clean.

Available in 4/3.75 lb. cases.

General Purpose Cleaner

General Purpose Cleaner is specially designed for the routine cleaning of floors, walls and other hard surfaces. This unique formula is fortified with a special destaining agent to whiten grout.

Available in 4/3.75 lb. cases.

Plastic & China Destainer

Plastic & China Destainer is specially formulated for plastic, china, stainless steel and all Kitchenware. The powerful oxygen destaining agents rapidly destains coffee, tea and other food stains without harming the finish or corroding soft metals.

Available in 4/3.7 lb. cases.

Soak Tank Cleaner 008

Soak Tank Cleaner 008 is a concentrate formulated to be safe for aluminum kitchen utensils. It is safe on all aluminum and other soft metals, yet still strong enough to remove grease and baked-on carbon deposits. Ideal for use on all aluminum cookware and utensils, pots and pans, grills, fryer baskets and just about anything that can be soaked.

Available in 12/4 lb. cases.

Utensil Presoak

Utensil Presoak is designed for presoaking silver and stainless steel utensils. It will quickly loosen dried-on or hardened foods. In addition, the combination of this versatile product and a piece of aluminum foil can be used to detarnish silverware.

Available in 4/4.1 lb. cases.
