

## Glitz™

EPA REG NO. 6836-290-7546  
EPA EST. NO. 7546-WI-01

### No Rinse Sanitizer Technical Data Sheet

Glitz is a ready-to-use no rinse sanitizer that cleans and sanitizes washable hard non-porous surfaces. It will clean and deodorize surfaces in toilet areas, behind and under sinks, counters, and other places where bacterial growth can cause malodors. Glitz may also be used to sanitize food contact surfaces such as food prep areas, food processing equipment and bars.

#### Specifications

Color	Colorless

Character	Clear, non-viscous liquid
Foam	Low
pH Use Dilution	9.5-11.0
Phosphorus Content	0.0%
Approvals	EPA, cRc

#### Pack Sizes

3183754 6/32 ounce cases

#### Directions For Use

**Equipment:** Clean cloth or paper towel, sponge, brush, and wiper.

**Directions for Sanitizing Food Contact Surfaces:**

Use this product (200 ppm active) for sanitizing and cleaning of equipment and utensils in bars, restaurants and institutional kitchens. Prior to application, remove gross food particles and soil by a pre-wash, pre-scrape, or pre-flush, and when necessary, pre-soak. Thoroughly

wash or flush equipment or utensils with a good detergent or compatible cleaner, followed by a potable water rinse before applying sanitizer.

Apply this product to pre-clean hard, non-porous surfaces with a cloth, sponge or sprayer. Surfaces must remain wet for 60 seconds. Drain thoroughly and allow to air dry before reuse.

#### Safety Reminder

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available on our website at [www.uschemical.com](http://www.uschemical.com) and is also available by scanning the QR code on the label.

Check with USC regarding product availability and product registration status in your state. Contact your sales rep for more information.
