

# PRIVATE LABEL

floorcare program

316 Hart Street, Watertown, WI 53094 • Customer Service 800.424.1075

U S Chemical's Private Label Floorcare Program is designed to meet our customers' needs. We offer a complete line of quality and affordable floorcare products available in your own private label. Imagine the value of having your own label on a complete offering of floorcare products available only from you. These quality products combined with your label, service and reputation will build customer loyalty and brand recognition within your marketplace.

The advantages are numerous:

- A product for every application.
- A complete selection of pack sizes.
- An offering of hyper-concentrated products in 3100 mL environmentally friendly reduced packaging.
- An offering of economically priced products, available for cost sensitive customers.
- Using your logo, we design a label that complies with all regulations and provides you with your own floorcare brand. No charge!
- To qualify, you only need to meet U S Chemical's minimum order requirements.
- Please allow 6-8 weeks for the first order. Subsequent orders require a 7 day lead time.

## Floor Strippers

### Heavy Duty Stripper

Pack Size: 5 gal.

Heavy Duty Stripper is a highly active, advanced formula stripper designed to easily remove today's frequently burnished floor finishes. It quickly penetrates the finish and requires no scrubbing or rinsing.

### Low Odor Stripper

Pack Size: 5 gal.

Low Odor Stripper is blended with unique fast acting ingredients which actually break the cross-linked pattern of metallic finishes, allowing the emulsifiers to lift and dispense finish from the floor. Because Low Odor Stripper contains no ammonia, noxious fumes are not liberated. This is extremely important when removing finishes in hospitals and other health care institutions. Low Odor Stripper is concentrated for maximum economy.

## Floor Cleaners

### Carpet Cleaner

Pack Size: 4/1 gal.

Carpet cleaner is a highly concentrated, low foam concentrate formulated for hot water extraction or "steam" cleaning machines. It contains a unique blend of gentle cleaning agents that minimize the effect of hard water and aid in the emulsification of many types of soils. This product can also be used as a bonnet buff cleaner and traffic lane cleaner.

### Neutral Cleaner

Pack Size: 4/1 gal., & 5 gal.

This cleaner can be used for regular damp mopping, periodic wet mopping and at higher concentrations for machine scrubbing before recoating floors with finish. It effectively emulsifies and removes soils without affecting the floor or floor finish. Its low foaming characteristics make it ideal for use in automatic scrubbers and is pH buffered. It is formulated with sequestering agents that tie-up water hardness and alkaline residues preventing them from re-depositing on clean floor surfaces. For use on all types of resilient and non-resilient floors including vinyl-asbestos, vinyl, asphalt, rubber, sheet goods, marble, ceramic tile, quarry tile, terrazzo and sealed concrete.

### Floor Scrub

Pack Size: 5 gal.

Floor Scrub is a low-foaming, concentrated liquid floor scrubbing detergent. It is specifically formulated for use in automatic floor scrubbing machines. It mixes instantly with water, penetrates and suspends soil in solution and rinses free. This product will leave no film or excess suds on floor surfaces. It is safe for all types of floors and can be used in any water supply. Economy and good result make this product a fine product for any floor.

## **Tile Sealer and Finish**

*20% Solids*

Pack Size: 5 gal. BIB

This Tile Sealer and Finish is a long lasting, high gloss sealer/finish specifically formulated for easy care of most non-resilient floors – it can be applied, maintained or removed like any conventional floor finish. This one product seals and finishes while being excellent at leveling and leaving a brilliant gloss. It resists scuffing, heel marks and dirt embedment. It is detergent resistant and responsive to buffing and burnishing. Use on terrazzo, quarry tile, brick, slate, unglazed ceramic, Mexican tile and resilient floors. Not recommended for use on glazed ceramic tile. For concrete and marble, use a recommended sealer before applying this product.

## **Spray Buff**

*R.T.U. Spray Buffing Solution*

Pack Size: 4/1 gal.

Spray Buff cleans, shines, removes black heel marks, tar, and dirt. Removes scratch marks. Leaves floor with a high gloss, durable, slip resistant finish when used regularly. It may be used with either high or low speed floor machines to keep floors looking their best. For use only with rotary buffing machines on commercial floor finishes.

## **High Speed Floor Finish**

*18% Solids*

Pack Size: 5 gal. BIB

High Speed Floor Finish is specially designed for use with ultra high speed buffing equipment, ensuring excellent results and achieving outstanding savings with your ultra high speed system. It has minimal powdering, an initial “wet look” gloss without buffing, a great buff response to maintain the “wet look” and excellent durability, scuff and black mark resistance. This product is for all resilient floors – vinyl, vinyl composition, vinyl asbestos, or asphalt tile, rubber and linoleum. Recommended also for the maintenance of terrazzo floors that have been sealed with 3 coats of a recommended concrete sealer.

## **Low Maintenance Buffable Floor Finish**

*16.7% Solids*

Pack Size: 5 gal. BIB

Low Maintenance Buffable Floor Finish – the value leader in floor finishes, provides maximum durability and long-lasting gloss even under heavy traffic. It has excellent resistance to scuffs and black heel marks, dirt imbedment and repeated detergent scrubblings. Use on all resilient floors including vinyl, vinyl composition, vinyl asbestos, asphalt tile, rubber and linoleum. Non-resilient floors such as concrete and terrazzo should be sealed with a recommended sealer before applying this product.

## **Ultra High Speed Floor Finish**

*25% Solids*

Pack Size: 5 gal. BIB

Ultra High Speed Floor Finish gives you high-gloss brilliance and durability in fewer coats, saving you time, labor and materials. Excellent reparability with spray buffing or Ultra High Speed burnishing. One coat of this product has the gloss of two coats, applies easily and levels perfectly with no mop drag. It is a low odor finish with great mark resistance and durability.
