

# Con-Tac

## Food Processing Equipment Cleaner

Con-Tac is a heavy duty caustic formula for use as a cleaner on heavy duty food processing equipment. This product contains chelating agents for effective sequestration of hard water constituents, minimizing lime scale build-up. It is a non-foaming powder which makes it excellent for CIP use.

### Specifications

<b>Color</b>	Fluorescent yellow
<b>Scent/Odor</b>	None added
<b>Character</b>	Granular powder
<b>Foam</b>	None
<b>pH Use Dilution</b>	Less than 13.0
<b>Phosphorus Content</b>	0.0%
<b>Approvals</b>	cRc

### Pack Sizes

<b>075678</b>	400 pound drum
---------------	----------------

### Directions For Use

**Equipment:** Measuring cup or scoop.

**Use Dilution:**

Daily Additions of Con-Tac (To maintain 2% causticity).

Add 1 lb. Con-Tac daily for each 1000 pints washed

Add 1 1/3 lb. Con-Tac daily for each 1000 quarts washed

Add 2 3/4 lb. Con-Tac daily for each 1000 half gallons washed

Add 4 lb. Con-Tac daily for each 1000 gallons washed

Change washer tank solution every 4 weeks or as often as necessary.

Solutions should be tested daily.

Use caustic test set to insure proper operating conditions. Follow state or local regulations to maintain proper percentage of available alkalinity.

**NOTE:** Do not use on aluminum.

### Safety Reminder

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available on our website at [www.uschemical.com](http://www.uschemical.com) and is also available by scanning the QR code on the label.
