

Liquid Laundry Suds

Laundry Detergent

Liquid Laundry Suds is a liquid detergent designed for use in combination with a recommended liquid break. The combination of these products provides the ultimate in cleaning performance, economy and flexibility. It rapidly wets and penetrates cloth, lifts soil, emulsifies greases and oils and prevents soil redeposition.

Pack Sizes

057277	5 gallon pail
4362771	265 gallon tote

Directions For Use

Equipment: Recommended automatic liquid laundry injection system.

Use Dilution: Concentration varies due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs.

1. Pre-sort laundry prior to wash.
2. Pre-soak and/or pre-spot laundry when necessary.
3. Place proper amount of soiled fabric into laundry machine.

4. In wash cycle, inject a recommended break detergent and this product.

5. When bleaching, inject a recommended destainer.

6. When souring and softening in the final rinse cycle, inject a recommended sour and softener.

A final pH of 5.5 - 6.5 is recommended for the fabric.

*This product can be used in all water temperatures. Your chemical specialist will adjust product concentrations based on results.
