**Foam** : None

**pH use dilution** : 10.0-10.5  
**Phosphorus content** : 0.0%  
**Approvals** : cRc

### IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

### PRODUCT DIRECTIONS

#### DIRECTIONS TO USE

**USE DILUTION:** Concentration varies due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs. 1. Pre-sort laundry prior to wash. 2. Pre-soak and/or pre-spot laundry when necessary. 3. Place proper amount of soiled fabric into laundry machine. 4. In wash cycle, inject microTECH™ Break and microTECH™ Suds or microTECH™ EC. 5. When bleaching, inject microTECH™ Destainer into the laundry machine. 6. When souring and softening, inject microTECH™ Sour/Soft, or microTECH™ Sour and microTECH Softener. A final pH of 5.5-6.5 is recommended for the fabric.

### PACKAGING

This product is available in 2/1.5 gallon bottles (5337745), 5 gallon pails (5512241), 15 gallon drums (5389019), and 55 gallon drums (5487170).

\*Specially formulated for optimal results when used with OMNI's LUX Advanced Oxidation System. OMNI's patented system allows the user to use less hot water, less total water and improves disinfection during the wash process.
