

Industrial Heavy Duty Cleaner

Non-Foaming, Alkaline Cleaner

Industrial Heavy Duty Cleaner is a concentrated, highly alkaline formula designed for use in breweries, wineries, food and dairy processing plants and restaurants. Its non-foaming properties make it an excellent choice for CIP cleaning and circulation cleaning of dairy, beverage and food processing equipment, tanks, hood and ducts, restaurant hood filters, soak tanks and smokehouses. Its powerful fast-acting formula removes heavy grease, soot, food and carbonized soils.

Specifications

Color	Colorless
Scent/Odor	None added
Character	Clear, non-viscous liquid
Foam	Non-foamer
pH Use Dilution	Greater than 13.0
Phosphorus Content	0.0%
Approvals	cRc

Pack Sizes

100984695	5 gallon pail

Directions For Use

Equipment: None needed.

Use Dilution:

Light duty: 2 - 3 ounces/per gallon (20 - 30 ounces/10 gallon)

Medium duty: 4 - 5 ounces/per gallon (40 - 50 ounces/10 gallon)

Heavy duty: 6 - 7 ounces/per gallon (60-70 ounces/10 gallon)

Prepare wash solution by adding 2 to 7 ounces product per gallon of water (80° F - 160° F), depending on soil conditions and time needed to complete. Follow chemical applications with a potable water rinse. Equipment or surfaces subject to direct contact with food must be thoroughly rinsed with potable water to neutralize*, then sanitized after treatment.

*Recommended product to neutralize and clean mineral deposits
USC Lime-Off #5972175.

Avoid contamination of food during use or storage.
Not for use on aluminum, zinc, galvanized or soft metals.

Safety Reminder

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.
