IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available on our website at www.uschemical.com and is also available by scanning the QR code on the label.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Mop or floor machine, wet vacuum or bucket with wringer, rubber gloves, eye protection and wet floor signs.

DIRECTIONS TO USE

1. Blockade areas to be stripped or finished. Floors will be very slippery until dry.
2. Remove all old finish with recommended stripper according to label directions.
3. Apply 3 or more medium coats of floor finish with a clean mop.
4. Let dry to the touch between coats – about 30 minutes. On porous resilient or stone floors, seal first with 2 coats of the recommended sealer.

MAINTENANCE:

1. For daily cleaning dust, mop or sweep.
2. Clean with the recommended neutral cleaner in an autoscrubber or with damp mop.
3. To renew gloss, spray buff as needed with the recommended spray buff and a 175-1500 rpm machine, or burnish with a UHS pad and a battery, cord electric or propane machine at 1500-2000+ rpm.

RECOATING:

1. Dust mop or sweep floors.
2. Scrub floor with an autoscrubber or floor machine using recommended neutral cleaner according to label directions. Rinse well and let dry.
3. Apply 1-2 new coats using a clean mop.

REMOVAL:

1. Remove using a recommended GENESIS floor stripper according to label directions.

PACKAGING

This product is available in 5 gallon BIB (100985915).
