

ES-II

Low Temperature Rinse Additive

ES-II is specially designed to lower water surface tension, providing clean, spot-free dishware, even in low temperatures. This product will do an effective job in most water conditions, eliminating the worry of water mineral spots remaining on the dishware

SPECIFICATIONS

Color	Blue
Scent/Odor	None
Character	Clear, non-viscous liquid
Foam	Low to none
pH Use Dilution	5.0 - 8.0
Phosphorus Content	0.0%
Approvals	cRc

PACK SIZES

101100108	5 gallon pail

DIRECTIONS FOR USE

Equipment: Recommended warewash rinse injector.

For Low Temperature Warewashing:

1. Pre-flush and/or scrape dishes before washing.
2. Rack dishes properly. Place dishes in machine.
3. Wash dishes using a recommended mechanical warewash detergent.
4. For rinse cycle, use this product.
5. Sanitize using a recommended sanitizer at 50 ppm. Adjust sanitizer pump to dispense the proper solution. Test using chlorine test papers or a liquid chlorine test kit.
6. Allow dishes to air dry.

SAFETY REMINDER

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available on our website at www.uschemical.com and is also available by scanning the QR code on the label.
