

# Stainless Steel Cleaner & Polish

## Water-Based cleaner & Polish

Stainless Steel Cleaner & Polish emphasizes beauty of stainless steel by removing surface soil to bring out its rich natural tone and luster. It sharply reduces fingerprint problems and dust adherence because it leaves no greasy residue. It gives a water repellent finish which prevents spots and makes subsequent regular cleaning easier, faster and better. This product is non-corrosive and provides a bright, dry, non-yellowing transparent protective coating.

### SPECIFICATIONS

Approvals	cRc

### PACK SIZES

101100128	6/1 quart case
-----------	----------------

### DIRECTIONS FOR USE

**Equipment:** Spray bottle, clean towel or cloth.

**Use Dilution:** Use at full strength. Simply apply this product to surface and wipe with a soft cloth, spreading and rubbing to be sure entire surface is covered. For heavier soil, a brief soaking period should be allowed after application, the rubbing continued until accumulated soil is removed. Cloth should be turned frequently to keep the clean areas “working” with the polish. Wash hands thoroughly after using. Rubber gloves recommended.

\*Not for sale in CA

### SAFETY REMINDER

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available on our website at [www.uschemical.com](http://www.uschemical.com) and is also available by scanning the QR code on the label.
