

Kleer 'N Kleen SW

Chlorinated Detergent for Soft Water

Kleer 'N Kleen SW is a chlorinated, powdered mechanical dishwash detergent specially formulated to provide constant soil attacks. It is fortified with grease emulsifiers and stain removing agents that produce sparkling, clean dishes. Kleer 'N Kleen SW works best in soft to medium water hardness conditions. It is safe on aluminum.

DIRECTIONS FOR USE

Equipment: Recommended dispensing equipment.

NOTE: DO NOT use in conventional water-filled (reservoir) systems. Dispenser will NOT activate unless a canister is in unit.

1. Remove seal from disposable Proline concentrate canister.
2. Place the canister into the recommended Proline concentrate dispenser, open end down. Use handle when transporting canister.
3. DO NOT remove concentrate canister until completely empty.
4. To remove empty canister, lift it from the dispenser carefully by the handle and turn upright to avoid spills. Dispose of canister immediately. DO NOT reuse empty canister.
5. Place new recommended Proline concentrate canister into dispenser.

SAFETY REMINDER

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available on our website at www.uschemical.com and is also available by scanning the QR code on the label.
