

ComfySoft

LIQUID FABRIC SOFTENER

ComfySoft liquid fabric softener is a combination sour/soft that makes your laundry smell fresh and clean while providing soft static free fabric. It contains an odor-neutralizing fragrance which is designed to be extremely durable and holds up well to the higher dryer temperatures used in industrial laundries.

Pack Sizes

101101150	1/1.5 gallon case
101101351	5 gallon pail
101101151	15 gallon drum

Directions For Use

EQUIPMENT: Recommended automatic liquid laundry injection system.

USE DILUTION: Concentration varies due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs.

1. Pre-sort laundry prior to wash.
2. Pre-soak and/or pre-spot laundry when necessary.
3. Place proper amount of soiled fabric into laundry machine.
4. In wash cycle, inject Total.
5. When bleaching, inject recommended bleach.
6. When souring and softening, inject ComfySoft.

A final pH of 5.5-6.5 is recommended for the fabric.

HOMESTYLE MACHINES: Use 2-3 ounces for a full load of normally soiled clothes.

*This product can be used in all water temperatures. Your Chemical Specialist will adjust product concentrations based on results.

*This product is compatible with ozone laundry systems.

Safety Reminder

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.
