PUNCH

PROFESSIONAL LINE

INTRODUCING THE NEW PROFESSIONAL LINE OF LAUNDRY PRODUCTS **PACKED WITH A PUNCH!**

Your favorite laundry products have been loaded with 2X the cleaning power in the Professional Line. Concentrated formulas provide great results while using less product! Professional Line Total is a built detergent with added water conditioners. Professional Line ComfySoft is a sour/soft combination product. There is no need for additional boosters or neutralizers. Get the job done with less product and better results with Professional Line products! These products are suitable for institutional laundry dispensing units and home style machines.

Total Laundry Detergent

Built Detergent with Water Conditioners

Total laundry detergent is a built detergent with optical brighteners that can be used in all water temperatures. Packed full of concentrated cleaning power and heavy duty stainlifters, Total removes tough stains! It helps remove oily and greasy food, ground in dirt and more.

ComfySoft Liquid Fabric Softener

Sour/Soft Combination Product

ComfySoft liquid fabric softener is a combination sour/soft that makes your laundry smell fresh and clean while providing soft static free fabric. It contains an odor-neutralizing fragrance which is designed to be extremely durable and holds up well to the higher dryer temperatures used in industrial laundries.
