DIRECTIONS FOR USE

Equipment: Recommended automatic liquid laundry injection system.

Use Dilution: Concentration varies due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs.

1. Pre-sort laundry prior to wash.
2. Pre-soak and/or pre-spot laundry when necessary.
3. Place proper amount of soiled fabric into laundry machine.
4. In wash cycle, feed this product directly from shipping container.
5. When bleaching, feed a recommended liquid laundry bleach into the laundry machine.
6. When souring and softening in the final rinse cycle, feed a recommended sour and softener into the laundry machine.

A final pH of 5.5-6.5 is recommended for the fabric. *This product is compatible with ozone laundry systems.

SAFETY REMINDER

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.
