

Liquid Laundry Detergent

Economical Laundry Detergent

This product is a liquid detergent designed for use in automated laundry dispensing systems. This product provides the ultimate in cleaning performance, economy and flexibility. It rapidly wets and penetrates cloth, lifts soil, emulsifies greases and oils and prevents soil redeposition.

DIRECTIONS FOR USE

Equipment: Recommended automatic liquid laundry injection system.

Use Dilution: Concentrations will vary due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs.

1. Pre-sort laundry prior to wash.
 2. Pre-soak and/or pre-spot laundry when necessary.
 3. Place proper amount of soiled fabric into laundry machine.
 4. In wash cycle, feed this product.
 5. When bleaching, feed a recommended liquid laundry bleach.
 6. When souring and softening, feed a recommended sour and softener. Works best in the final rinse cycle.
- A final pH of 5.5-6.5 is recommended for the fabric.

NOTE: This product can be used in all water temperatures.

SAFETY REMINDER

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available on our website at www.uschemical.com and is also available by scanning the QR code on the label.
