

Liquid Sour and Soft

Combination Softening & Sourcing Agent

Liquid Sour and Soft combines three functional laundry steps in one easy to use combination product. It includes the highest quality souring agents, excellent cationic fabric softeners and optical brighteners to leave cloth fresh, clean, bright and soft. It should always be used in the final rinse of the laundry program and can be used in all water temperatures.

Foam	Low
pH Use Dilution	5.0 - 6.5
Phosphorus Content	<3.0%
Approvals	None

PACK SIZES

101100111	5 gallon pail
-----------	---------------

DIRECTIONS FOR USE

Equipment: Recommended automatic liquid laundry injection system.

Use Dilution: Concentrations will vary due to environmental conditions and load size. Your sanitation specialist will properly adjust product concentrations to meet your needs.

1. Pre-sort laundry prior to wash.
2. Pre-soak and/or pre-spot laundry when necessary.
3. Place proper amount of soiled fabric into laundry machine.
4. In wash cycle, inject a recommended liquid laundry break and a recommended liquid laundry detergent.
5. When bleaching, inject a recommended liquid laundry bleach.
6. When souring and softening in the final rinse cycle, inject this product. A final pH of 5.5-6.5 is recommended for the fabric.

SAFETY REMINDER

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available on our website at www.uschemical.com and is also available by scanning the QR code on the label.
