

DISINFECTANT 256

TECHNICAL DATA SHEET

EPA Reg. No. 1839-167-7546

EPA Est. No. 7546-WI-1 (WT)

Disinfectant 256 is a phosphate-free, pH neutral formulation designed to provide effective cleaning, deodorizing, and disinfection for hospitals, nursing homes, schools, food processing plants, food service establishments, office buildings, manufacturing facilities, lodging establishments, retail business and athletic/recreation facilities where housekeeping is of prime importance in controlling cross-contamination. This product, when used as directed, is formulated to disinfect hard, non-porous, inanimate, environmental surfaces: floors, walls, glazed porcelain, glazed ceramic tile, plastic surfaces, vanity tops, shower stalls, bathtubs, and cabinets.

SPECIFICATIONS

Color	Green
Scent/Odor	No Scent
Character	Clear, non-viscous liquid
Foam	Moderate
pH Use Dilution	6.5 - 7.5
Phosphorus Content	0.0%
Approvals	EPA

PACK SIZES

101105862	2/2 L
-----------	-------

DIRECTIONS FOR USE

EQUIPMENT TO USE

MixMATE™ Sanitation System, appropriate MixMATE™ spray bottle™ or pail and mop, sponge, cleaning cloth, bowl mop, scrub brush, protective eyewear (goggles or face shield), clothing and gloves.

DIRECTIONS TO USE

Disinfection: To disinfect inanimate, non-porous surfaces, add 1/2 ounce of Disinfectant 256 per gallon of water. Apply solution with a mop, cloth, sponge, hand pump trigger sprayer or low pressure coarse sprayer so as to wet all surfaces thoroughly. Allow to remain wet for 10 minutes, then remove excess liquid. For sprayer applications, spray 6-8 inches from surface, rub with brush, sponge or cloth. Do not breathe spray mist. For heavily soiled areas, a pre-cleaning step is required. Surfaces which may contact food must be rinsed thoroughly with potable water after use. Prepare a fresh use-solution daily or more often if the use-solution becomes visibly dirty, or diluted.

SAFETY REMINDER

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is available on our website at www.uschemical.com and is also available by scanning the QR code on the label.
